Vision

“To be recognised as one of the most effective logistics service provider in the country by setting high standards in customer satisfaction through continuous process improvement and be able to fulfil any logistical requirement”

Mission

“To provide efficient and best in class logistics service with zero tolerance in quality by adopting cost effective operational practices and to build long term relationships with our clients by adhering to ethical business standards”

Our Services

● Warehousing Infrastructure

Appropriate logistics infrastructure along with warehouse design, structure and location plays a key role in defining operational success. We provide appropriate storage options with up-to-date infrastructure for efficient handling and effective warehouse operation.

- Block Storage
- Multi-tier Racking system
- Adequate Health & Safety systems
- Effective Material Handling Equipment
- Round the Clock Security

● Inventory Management and Distribution

Along with providing world class warehousing facility, we handle start to end operational activities as Carrying and Forwarding Agents. We offer customised solutions and absolute flexibility in operations as suitable for our clients & inventory to ensure maximum productivity, efficiency and sustainability.

- Central Warehousing Activities
- Operating as Super Stockists
- Order fulfilment, Receivables management and Reverse logistics
- Managing Pharmaceutical Institutional Supplies
- Physician Samples and Promotional Material dispatch.
- Quality Management System.

● Cold Chain

We operate under several temperature conditions for storage of vaccines and other temperature sensitive inventory. Advanced temperature-controlled infrastructure help us maintain precise environment for cold-chain produce throughout the value chain.

- Operating from Ambient to Sub-zero Level Temperatures
- Real-time Temperature Monitoring & Alert System
- Sufficient Backup
- Timely Mapping
- Active and Passive Dispatch of Inventory

● Value Added Services

We provide other value-added services as required to make goods suitable for sales and distribution further down the chain. We aim to provide maximum in-house support , so the goods are not sent out for further processing which ultimately results in savings of costs, time and damages.

Testimonials

I found your facilities extremely well positioned and great to see your quality systems in place.

- *Bill Cain, Director Asia-Pacific Logistics, Essity Australia*

Large!! And very high on quality standards! Installation, implementation and training of new machines is very encouraging.

- *Sumer Dheri, Executive VP Vaccines, GSK*

Very well organised warehouse. It reflects clearly the strengthened approach followed to maintain the sustaining value proposition for medicines.

- *Krishna Parab, Sr. Director, Sanofi*

A well maintained warehouse with supportive staff. Good housekeeping practices.

- *Divya Ashwath, F M Global*

Very nice warehouse operation. I am impressed with the HVAC controls. The staff are dedicated to GSK and I feel like they are a part of GSK.

- *Christopher Rasmussen, Director, GSK, USA*
