STILL PartnerPlan - we will show you the way!

The STILL PartnerPlan is a clear and transparently structured framework to help you find the perfectly customised intralogistics solution. It includes our complete range of trucks, system solutions, services and financing options. The STILL PartnerPlan enables us to work together as partners and create a bespoke package by producing a customised combination of individual components from our range. With the STILL PartnerPlan we will find a solution precisely tailored to your needs and requirements – from industrial trucks, automation and software solutions through to services including genuine and original parts as well as choosing the right financing solution for you.

You will benefit from all STILL products being perfectly aligned to each other.

Optimum interaction is guaranteed and we will work with you to be successful.

We will show you the way!

Transport: STILL provides the perfect forklift truck for every situation. From counterbalanced forklifts and warehouse handling equipment to trucks and tractors, STILL offers a comprehensive portfolio of efficient and innovative forklift trucks. Whether they are used for the intra-company transportation of a few hundred kilograms or several metric tons, or whether they are powered electrically or by internal combustion engine, all STILL forklift trucks have one thing in common: They are easy to use (simply easy), high performing (simply powerful), versatile (simply flexible), able to communicate (simply connected) and safe (simply safe). These attributes make all STILL truck series simply efficient.

Customised intralogistics: The STILL product portfolio.

Finance: The numerous financing solutions offered by STILL are flexible, transparent and tailored to your needs. Choosing the right financing option for you is just as important as choosing the right products. In both cases, STILL offers solutions that are precisely tailored to your individual requirements – including traditional purchases, hire purchases, a wide variety of leasing options, long or short term rental of individual forklift trucks or entire fleets.
