ALITER
PASSIONATELY CURIOUS

GROW YOUR
BUSINESS WITH US

Data Science, IIoT & IoT Automation, ERP Solution.

Pick-To-Light Application

🏪 Retail & Convenience store

Simplify shelf restocking and order fulfillment with light-guided accuracy, ensuring faster customer service, reduced errors, and improved inventory management.

⚙️ Automotive & Manufacturing

Ensure precise picking of medicines and critical supplies, reducing errors in inventory handling while maintaining compliance with stringent healthcare standards.

💊 Pharma, Health & Beauty

Enhance production line efficiency by guiding workers, ensuring FIFO sequencing, reducing assembly errors, and boosting throughput with streamlined operations.

🏭 Warehouse

Streamline order picking and inventory tracking with FIFO guidance, preventing leakages, and improving speed, accuracy, and productivity in logistics hubs.
