Packaging Products

## Company Profile

### About Us

Catering to the industry requirements, we at "**Hemant Wooden Packaging**" Offer to our clients an umbrella of all kind of services for high quality packaging coupled with our vast experience and expertise in the field of manufacturing of wooden pallets. The range offered by us include Pine Wood Four Way and Two Way Pallets, Reversible Pallets, Non - Reversible Pallets, Babool Wooden Pallets, Hard Wood Pallets, Plywood Pallets, Plastic Pallets, Euro Pallets, Chemical Treated Pallet and many more.

Based in Mumbai since 1982, under the visionary guidance of our founder Mr. Satyanarayan.R. Pandey, the Company has come a long way since its inception. The legacy of more than three decades of ultimate customer satisfaction is being carried forward by Mr. Hemant Pandey, who also brings with him extensive experience, managerial and technical competency in the packaging industry. We constantly endeavour to provide to our clients the most cost effective and durable packing solutions that meet their complete requirements under one roof in a time bound manner. Further the services of experienced craftsman and allied industry professionals also assist us in providing with customized material and allied finishers.

### Our Products

- Pine Wood Four Way Pallets
- Pine Wood Two Way Pallets
- Pine Wood Reversible Pallets
- Pine Wood Non - Reversible Pallets
- Babool Wooden Pallets
- Hard Wood Pallets
- Plywood Pallets
- Plastic Pallets
- Euro Pallets

### Our Services

- Palletization (Pallet Packing)
- ISPM - 15 Heat Treatment (HT-469)
- ISPM - 15 Fumigation Treatment (MB-679)
- Container Fumigation Services
- Container Lashing & Chocking
- Pallet Chemical Treatment
- Dunnage Bag (Air Bag)
- On Site Packing Services
- All Types Of Packing Material Available.

## ALL TYPES OF WOODEN PALLETS FOR EXPORT & DOMESTIC PACKING

### SERVING To Industry Since Last Three Decades

- Pharmaceutical Industries
- Export Industries
- Oil & Lubricants Industries
- Engineering Industries
- Food & Beverages Industries
- Shipping & Logistic Industries
- Plastic Industries
- Steel & Metal Industries
- Chemical Industries
- Warehouses
- Paint Industries
- Packaging Industries

## Wooden Pallets

### Description

We have more than three decades of experience in wooden packaging industry. We supply all kinds of Wooden Pallets. Our wooden pallets are made from high quality wood with the help of latest tools and technology. Wooden pallets are the most used in packaging industry because of its low prices as compared to plastic and metal pallets. Our wooden pallets keep the packaged goods safe from damage as well as provide ease to carry for transportation of goods. They are strong, durable, and provided in different shapes for Transport storage of goods.

### Features & Benefits

- High Quality used for Packaging.
- Available in Different kinds of thickness and sizes as per client requirement.
- High Quality
- Easy Handling with the help of Forklift, Trolley, Crane and Other Material Handling System

### Recycled & Remanufactured Pallets

Recycled Pallets are alternative cost effective pallets in comparison to new pallets. A combination of used component, recycle pallets are used to create a strong durable pallets in various sizes maintaining highest level of quality.

## Industrial Wooden Pallets

Unrivaled Strength, Reliable Stability, and Sustainable Solutions for Your Logistics Challenges.

## Types Of Wooden Pallets

### CP-1 PALLETS

HWP - 001	ISPM 15 - HT / MB
MATERIAL - PINE WOOD	STATIC LOAD - 2400KG
CP-1-DIMENSION : 1200 X 1000 X 138MM	DYNAMIC LOAD - 1200KG
FORK GAP - 102MM (+/- 3MM)	RACKING - 1200KG

### CP-2 PALLETS

HWP - 002	ISPM 15 - HT / MB
MATERIAL - PINE WOOD	STATIC LOAD - 1200KG
CP-2-DIMENSION : 800 X 1200 X 138MM	DYNAMIC LOAD - 600KG
FORK GAP - 101MM (+/- 3MM)	RACKING - 600KG

### CP-3 PALLETS

HWP - 003	ISPM 15 - HT / MB
MATERIAL - PINE WOOD	STATIC LOAD - 2400KG
CP-3-DIMENSION : 1140 X 1140 X 138MM	DYNAMIC LOAD - 1200KG
FORK GAP - 102MM (+/- 3MM)	RACKING - 1200KG

### CP-4 PALLETS

HWP - 004	ISPM 15 - HT / MB
MATERIAL - PINE WOOD	STATIC LOAD - 1600KG
CP-4-DIMENSION : 1100 X 1300 X 138MM	DYNAMIC LOAD - 800KG
FORK GAP - 112MM (+/- 3MM)	RACKING - 800KG

### CP-5 PALLETS

HWP - 005	ISPM 15 - HT / MB
MATERIAL - PINE WOOD	STATIC LOAD - 1400KG
CP-5-DIMENSION : 760 X 1140 X 138MM	DYNAMIC LOAD - 700KG
FORK GAP - 102MM (+/- 3MM)	RACKING - 700KG

### CP-6 PALLETS

HWP - 006	ISPM 15 - HT / MB
MATERIAL - PINE WOOD	STATIC LOAD - 2000KG
CP-6-DIMENSION : 1200 X 1000 X 156MM	DYNAMIC LOAD - 1000KG
FORK GAP - 112MM (+/- 3MM)	RACKING - 1000KG

## Types Of Wooden Pallets

### CP-7 PALLETS

HWP - 007	ISPM 15 - HT / MB
MATERIAL - PINE WOOD	STATIC LOAD - 2000KG
CP-7-DIMENSION : 1300 X 1100 X 156MM	DYNAMIC LOAD - 1000KG
FORK GAP - 112MM (+/-3MM)	RACKING - 1000KG

### CP-8 PALLETS

HWP - 008	ISPM 15 - HT / MB
MATERIAL - PINE WOOD	STATIC LOAD - 3000KG
CP-8-DIMENSION : 1140 X 1140 X 156MM	DYNAMIC LOAD - 1500KG
FORK GAP - 102MM (+/- 3MM)	RACKING - 1500KG

### CP-9 PALLETS

HWP - 009	ISPM 15 - HT / MB
MATERIAL - PINE WOOD	STATIC LOAD - 3000KG
CP-9-DIMENSION : 1140 X 1140 X 156MM	DYNAMIC LOAD - 1500KG
FORK GAP - 112MM (+/- 3MM)	RACKING - 1500KG

### EURO WOODEN PALLET

HWP - 010	ISPM 15 - HT / MB
MATERIAL - PINE WOOD	STATIC LOAD - 4000KG
DIMENSION : 800 X 1200 X 144MM	DYNAMIC LOAD - 2000KG
FORK GAP - 100MM (+/- 3MM)	RACKING - 2000KG

### PLYWOOD PALLET

HWP - 011	ISPM 15 - HT / MB
MATERIAL - PLY WOOD	STATIC LOAD - 1000KG
DIMENSION : 1000 X 1200 X 138MM	DYNAMIC LOAD - 500KG
FORK GAP - 102MM (+/-3MM)	RACKING - 500KG

### JUNGLE WOOD PALLET

HWP - 012	ISPM 15 - HT / MB
MATERIAL - JUNGLE WOOD	STATIC LOAD - 3000KG
DIMENSION : 1200 x 1200 x 144mm	DYNAMIC LOAD - 1500KG
FORK GAP - 108MM (+/- 3MM)	RACKING - 1500KG

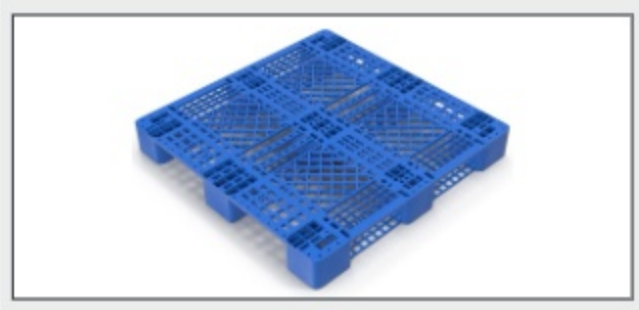

## Types Of Wooden Pallets

### PINE WOOD TWO WAY PALLET

HWP - 013	ISPM 15 - HT / MB
MATERIAL - PINE WOOD	STATIC LOAD - 1600KG
DIMENSION : 1200 X 1000 X 107MM	DYNAMIC LOAD - 800KG
FORK GAP - 90MM (+/-3MM)	RACKING - 800KG

### FOUR WAY PLASTIC PALLET

HWP - 014	ISPM 15 - NA
MATERIAL - PLASTIC	STATIC LOAD - 5000KG
DIMENSION : 1140 X 1140 X 156MM	DYNAMIC LOAD - 2500KG
FORK GAP - 112MM	RACKING - 2500KG

### BABOOL WOOD TWO WAY PALLET

HWP - 015	ISPM 15 - HT / MB
MATERIAL - BABOOL WOOD	STATIC LOAD - 3500KG
DIMENSION : 1200 X 1200 X 144MM	DYNAMIC LOAD - 1750KG
FORK GAP - 108MM (+/-3MM)	RACKING - 1750KG

### NEEM WOOD TWO WAY PALLET

HWP - 016	ISPM 15 - HT / MB
MATERIAL - NEEM WOOD	STATIC LOAD - 2500KG
DIMENSION : 1140 X 1140 X 156MM	DYNAMIC LOAD - 1250KG
FORK GAP - 112MM (+/- 3MM)	RACKING - 1250KG

## Products & Services

### ISPM-15 Heat Treatment

We proudly offer advanced heat treatment services in accordance with the ISPM 15 standards, ensuring that all our wooden products, including pallets, crates, and boxes, undergo rigorous heat treatment. This process guarantees full protection against termites and other wood-boring insects, enhancing the longevity and durability of our wooden packaging solutions.

### ISPM-15 Fumigation Services

We specialize in fumigation services adhering to the ISPM 15 Standard. Our expertise covers Industrial Fumigation, Treating Export Containers, including 40 Feet and 20 Feet GP Containers. Committed to international phytosanitary measures, we provide Fumigation Services Certificates to assure clients of compliance and the prevention of pest and disease spread through wooden packaging materials.

## Products & Services

### ISPM-15 Container Fumigation Services

Container fumigation is a specialized treatment process aimed at eliminating or preventing the presence of pests and insects within shipping containers. This meticulous procedure involves the application of fumigants to eradicate any potential infestations or contaminants, ensuring that the container and its contents meet international phytosanitary standards.

### Dunnage (Air Bag)

Dunnage bag packing ensures cargo stability, preventing damage during shipment. Designed to prevent movement and protect goods during transit, these air-filled bags serve as effective cushions, minimizing the risk of damage caused by shifting or collisions. This method enhances cargo stability, optimizes loading efficiency, and ensures the safe and secure transport of goods.

### Pallet Chemical Treatment

Pallet chemical treatment involves the application of specialized chemicals to wooden pallets to enhance their durability and resistance to pests. This process helps protect the pallets from deterioration caused by insects, fungi, and other environmental factors. This practice aligns with international phytosanitary regulations, contributing to the safe and efficient movement of goods in the global supply chain.

### Lashing & Chocking

Industrial lashing and chocking are essential cargo securing techniques. Lashing involves using straps or chains to prevent cargo movement, ensuring stability during transport. Chocking, achieved through easily understandable restraints, secures individual items. These practices enhance safety, minimize shifting, and maintain cargo integrity during transit.

### Pallet Packing

Pallet packing is a practical and efficient approach to secure goods during shipping. By organizing and securely fastening items onto pallets, this method simplifies handling, enhances stability, and facilitates seamless loading and unloading. It optimizes storage space, streamlines logistics, and ensures the safe and organized transport of goods, making it a crucial practice for efficient supply chain management.

### On Site Packing Services

On Site Packing Services streamline your logistics. Our expert team handles on-site packing, ensuring secure and efficient packaging solutions tailored to your specific needs. From delicate items to robust equipment, we deliver convenience and reliability, ensuring your goods are prepared for safe transport.
